Description

A sleek and very wearable vintage diamond engagement ring. The old European cut in the centre is impressively white, and full of fire and brilliance. The stone is mounted in a rubover setting which sits nice and low to the finger, on a slim and unfussy platinum shank. With no catching claws and an unusually low profile, this is that most rare of engagement rings: both super beautiful and super practical. Accompanied by an independent jewellery report from IGR (#30309962). Cut – Old European cut. Colour – G. Clarity – SI2. Carat – Approximately 1.30 carat. Circa – 1935. Measurements – The diamond, including the rubover setting, is 8.3 x 8.5mm and sits 3.5mm from the finger. Size – S (UK) or 9 1/8 (US). Complimentary sizing is available, can go up or down. Metal – Platinum. Tested. Video – To view a video of this ring recorded in daylight, please copy / paste the following link into your browser: <https://vimeo.com/720771188>
