## Description

An excellent original antique William IV period spoon back armchair in solid rosewood and leather. This was made in England, it dates from around the 1830-40's period. It is of super quality, with fine carving and beautiful deep buttoned leather upholstery. The back rest is angled making this very comfortable, there is a generous seating area yet it has a fairly small overall size. The rosewood has a gorgeous colour tone and patina, with stunning grain patterns. The scrolled arms are beautifully carved and this sits on turned legs with original brass casters. The condition is excellent for its age, it was re-polished and re-upholstered by the previous owner. There is just some minor wear here and there, commensurate for age. Width – 25 inches , 64 cm Depth – 31 inches , 79 cm Height – 37 inches , 94 cm Seat height – 15 inches , 39 cm
