Description

A large antique pine glazed dresser dating from the early 1900s which was originally used in a shop. The top and bottom sections separate for delivery. The upper glazed section has a cornice top and two glazed doors, both with fully working locks and keys. The doors have French style external hinges so the doors open fully wide and inside there are two shelves. The base section has two small drawers and a cupboard on the left hand side, the cupboard door has a fully working lock with key and external French style hinges. On the right hand side are four deep drawers, all the drawers have old metal cup handles with engraving. All sitting on bracket feet to the front and rear. One thing we would like to point out is that the top section leans slightly to the right but the whole item is very stable and secure. Originally painted and recently stripped, can be purchased in the bare wood for £850 or wax polished for £947. Height 81", Base Height 31.5" Width 57", Depth 16.5"
