Description

Antique large quality Oriental Japanese bronze champleve enamel Jardiniere planter bowl C1910 Meiji Period. Would look amazing in the right location. Rare large size and design. Overall maximum dimensions: 33cm diameter x 24cm high. 27cm diameter mouth. Weighs 4.9Kg. In very good antique condition, with minor historic knocks, marks and repairs as is typical, nothing bad. Some minor pitting / losses to the enamel, which again is typical, possibly from when it was made. Probably not watertight, so should be used with a liner.
