Description

Standing 30 cm tall is this very glamorous Art Deco picture, one of which we haven't seen before. This lovely frame features an elegantly dressed Hollywood style lady made from cast spelter and cold painted, she acts as the support for two panes of glass which make up the picture frame. Originating from England and dating to the 1930's there is no makers mark to be found but the condition is very good with only the minimal signs of age showing. FREE UK mainland DELIVERY
