Depth = 14 cm (5.5")

Description

~ French - Circa 1910 ~ ~~ Excellent condition, fully overhauled ~~ A superb and chic antique French four glass regulator. It features a mercury compensated pendulum gently swinging behind beveled glass in four sides. The case is constructed of a beautifully variegated onyx, mounted with ormolu and is classical in design. The ovoid urns also beautifully simple in design. The dial is porcelain enamel on copper, delicately decorated with floral swags. It is complete with its original finely fretted gilt brass hands. The French movement is by the renowned maker Japy Frères and is of their usual high quality. It is in excellent clean and running condition having been overhauled and tested by our clockmaker. Pendulum is original, we have replaced the mercury with polished silver steel for safety. It runs for 8 days and strikes the hours and halves on a coiled gong. We have a video of the clock running, please ask and we will send it to you. Condition of the case is excellent, the original gilding is beautifully clean with some slight wear, discolouration and tarnish. There is a tiny casting fault on one urn. The onyx is also excellent with a good polish, some nibbles to t...
