Description

A mahogany side table/ pembroke table with 2 drop leaves. A useful pembroke/side table that is simple in design and useful because you can elevate 1 or 2 leaves as required. It is an elegant and very sturdy piece standing on square tapering legs. In very good condition with a drawer and brass handles. The back of the table has an identical faux drawer so it can be used as a free standing table and does not need to go against a wall. The last photo is of the back (with the faux drawer). The measurements below are when the leaves are down. With both leaves up the width is 90cm.
