Description

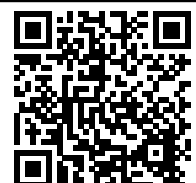

A brilliant late 19th century antique mahogany dumb waiter. The antique dumb waiter has three circular shelves, all various sizes. The bottom two shelves are rotatable, making the serving more accessible. The antique dumb waiter is raised on a turned central column with a triform base. A particularly pleasing example, perfect as a drinks stand. Item Ref; M-4100 . DIMENSIONS: Height - 123.5cm / Width - 64cm / Depth - 63.5cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks and scratches to the shelves and base (pictured). There has been an honest repair to the legs (pictured), however this doesn't affect the integrity of the product. The antique dumb waiter remains structurally solid and sound, with the turning mechanism working well. Overall, a neat example. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item.
