Gents WW2 era Zenith wrist watch

Price

Sold**Item Reference: SA907335****Date of manufacture: 1940**

Description

UK POSTAGE ONLY Gents WW2 era Zenith wrist watch. The watch has a 15-jewel hand-winding movement which is working nicely. The movement is fully signed and the serial number 3,419,472 dates it back to 1941/42. The watch is a good wearable size at 35mm diameter excluding the winding crown and the lugs. The main body of the case is plated while the case back is stainless steel. There is some minor marking but overall the condition is good for a 1940s piece. The inside of the case back is signed with the Zenith name. The lens is in good condition. The signed dial has probably been refinished but a long time ago, there is a little marking and perhaps a shade or two of darkening. The numbers have darkened now but would originally have been gold in colour, which suggests the period hands are probably original. A new leather strap has been fitted. The watch comes in a new presentation box. UK POSTAGE ONLY
