Description

This 120 year old carpet was a real stunner in its day, with bulls-blood red field, green and ivory corner decorations and just look at that gorgeous, wide border. That's an unusual and very attractive feature of this elegant old carpet. Now well worn but still with a great charisma that will bring elegance and style to your living room. Priced at a fraction of what a good condition Heriz like this would cost, and yet brings most of the look and charm... 10'0" x 10'11"
