Description

A wonderful Georgian fruitwood chest of drawers. The fruitwood chest has an arrangement of five long graduating drawers, each fitted with brass handles. Raised on shaped bracket feet. The fruitwood chest of drawers has excellent colour and patina throughout. Of shallow proportions. Item Ref; M-4131 . DIMENSIONS: Height – 102.5cm / Width – 79.5cm / Depth – 38cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches, and staining to the top, front, and sides (pictured). There is evidence of old historic woodworm in places - this is long gone and has been fully treated as a precaution. The chest of drawers remains structurally solid and sound. A rather beautiful example. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your home! We ask that you take the time to look at all the photos as they form part of the description and condition report of the item. .
