Description

This quality Antique Victorian Albertina chain features two strands of chain complete with a dog clip, twisted t-bar and ornate slider, all modelled in Sterling Silver. An Albertina chain is the name given to a watch chain worn by women. These chains were popular during the Victorian era, along with Albert chains, which were worn by men. The Albertina chains were generally finer than the Albert chains, and often were multi-stranded, with charms and fobs. This is a high quality example which can be worn as a watch chain or bracelet.
