Dimensions

Height = 34.5 cm (13.6")

Width = 19 cm (7.5")

Depth = 19 cm (7.5")

Description

Here we have a beautiful piece of early Scottish Perth MONART glass. A huge size early Monart "bubble glass" vase in orange and clear colours. Because of the process involved making a large piece of Monart bubble glass, they are rare as they very often broke during the manufacture. This particular piece is basically in very good condition but it does have one internal flaw (this is very common with these large pieces). If you collect early Monart glass this would definitely grace your collection. You can see the internal flaw in picture 2. SIZE; 7 1/2" diameter by 13 1/2" high CIRCA; 1930
