Description

For your consideration is this rather stylish Art Deco 10k gold filled Gents wristwatch by the American watch company Bulova, recently fully serviced and keeping very good time. This is a great looking watch with a beautiful dial with gold tone numerals against an off white background. The whole watch has been ultrasonically cleaned and given a new high quality soft leather strap. Case is in very good vintage condition for its age with no dents, dings or stand-out flaws. A hint of wear to the case-back corners and otherwise just the usual light surface scratches, etc. Dial shows some slight all-over patina and signs of age, but looks good overall to the naked eye. The back is free from engravings and the whole watch itself is in lovely condition given it's age and ready to be enjoyed by a new owner. Size: 46mm x 20mm (excluding crown). 14mm strap. Wrist fitting: 165-195mm. Movement: 21j 6AE, just fully serviced with new mainspring and winding crown. Bears Bulova's square date code symbol for 1936. The case is a 10k gold filled with snap-on back. Serial number starting with 6 also confirms manufacture date of 1936. This watch is perfect both for everyday wear and for add...
