Description

An attractive 19th century antique ash and elm Windsor armchair. The antique Windsor armchair has a hoop and stick back with a decorative fret cut central splat. The solid elm seat is raised on four circular shaped legs with shaped stretcher supports. Beautiful colour and grain throughout. Item Ref; M-4142 . DIMENSIONS: Height – 92.5cm / Width – 54.5cm / Depth – 61cm / Seat Height - 43cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches and fading to the seat, arms and backrest (pictured), also splits to the seat, and repairs to the backrest sticks (pictured). There is evidence of historical woodworm, however this is now long gone and has been fully treated as a precaution. The antique Windsor armchair remains structurally intact, however the joints to the armrest and seat on the left hand side have had some honest repairs (pictured), creating this side to be slightly weakened. Overall, a beautiful example of an antique Windsor armchair. Our carpenter inspects, repairs, and restores our items, so you can have full confidence that what you buy from us is ready for your h...
