## Description

These are a really great pair of silver napkins rings by Joseph Cook & Sons, who were known for their Scottish influenced items. See our caddy spoon also by this maker. The front has a large stone in each one, I am no expert but it would appear that he used Citrines & Amethysts and they are certainly the right colour. Fully marked to the back Birmingham 1935. They are so good and so decorative that they could be used as a scarf ring! In excellent condition. The box is associated but is in good order. Each ring measures L 6 cm W 4 cm H 2.5 cm The stones are 2 x 2 cm
