Description

Very well proportioned early 19th century French walnut three drawer server or console table. Fabulous vivid walnut grain throughout the table, especially to the top itself. For a large piece, it has real elegance due to the shaped front legs and frieze. This table will work for many uses, server table, console table, sideboard, hall table etc etc. I have shown it with a pair of lamps and a lovely oval gilt mirror to give it some perspective for you, they are also available and listed separately.
