Description

Circa 1910-1920 a brass pullman lamp completely rewired using a long length of flex cable. The lamp measures 33cm in height and it is approximately 14cm in width between each of the three feet. It is in very good condition and had been previously lacquered and we have just lightly polished it. We have a selection of original period glass lampshades on our website lancasterantiques.co.uk and gimble fittings can be bought online. Postage and packing for the UK mainland only is included in the price and for remote areas or overseas, please contact us for a delivery quote.
