

SA910862

1950s Roamer Rotodate wrist watch

Price

Sold**Item Reference: SA910862****Date of manufacture: 1950**

Description

1950s Roamer Rotodate wrist watch. The watch has a hand-winding movement which is working nicely. The watch measures 35mm diameter excluding the winding crown and the lugs. The main body of the case is gold plated while the case back is stainless steel. The case is in lovely condition. The back of the watch has details of various brevet (patent) numbers relating to the waterproof case but, as with any vintage watch, it should be kept away from water and moisture. The lens is in lovely condition. The signed dial is in good condition with original hands, centre seconds and date display (not quickset). A later strap has been fitted although the Roamer signed buckle has been retained. The watch comes in a new presentation box.
