Depth = 16 cm (6.3")

Description

Circa 1890-1910 A brass pullman lamp made by Faraday & Sons and clearly marked with their trademark and the No 13 on the base. It measures 35cm in height to the very top and the distance between the ornate splayed feet is about 16cm. It is more ornate than many Faraday Pullman lamps, and has been rewired using flex cable and is in good condition. Postage and packing within the UK mainland only is included in the price and for remote areas or abroad please contact us for a delivery quote.

Internal Ref: 1749
