

SA911959

A pair of Art Deco tortoiseshell
and clouded butterscotch
Bakelite candlesticks

Price

Sold

Item Reference: SA911959

Date of manufacture: 1920

Dimensions

Height = 15 cm (5.9")

Width = 7 cm (2.8")

Depth = 7 cm (2.8")

Description

These rare survivors are very attractive in their design. They stand on square stepped bases with slender turned and hexagonal stems which terminate with matching square sconces and turned candle holders with original brass linings. The early Bakelite plastic from which they are made alternates between the different sections with fake tortoiseshell and clouded butterscotch patterns running throughout. These fine examples are in remarkable condition, rich in colour and beautifully polished surfaces with no chips or damage. Circa 1920
