Description

A good example of an antique Sterling Silver milk or cream jug. It is an elegant design with a beautifully shaped handle, round foot and elongated spout. The jug is stylish and good quality, weighing approximately 107g. The hallmark is slightly rubbed and I cannot distinguish the maker but I can see that it is marked for Birmingham 1923. It is in good condition for its age. There are some faint surface marks and light signs of age and use but nothing detrimental and it still displays well. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £6, rest of the world £25.
