Description

A Very Attractive Mid 19th Century Oblong Papier Mache Tray Having Elegant Hand Painted And Gilded Floral Decoration Housed On Later Square Tapered Leg Stand (What better way to look after the environment than to recycle beautiful, old, antique objects with little purpose in the modern world and give them a new purpose. Thats exactly what's happened to this pretty little Papier Mache tray. It is now a very attractive and very functional coffee table or even just side table, with the added bonus that the tray is still removable and can therefore be used as an actual tray as and when required. This particular tray is a good size and largely in excellent condition with just the old marks, scratches, scuffs and dents to be expected in an object of this age which has been well used throughout the years) Circa 1850 Height - 18.5in Width - 30in Depth 22.5in
