Description

A superb antique Victorian period desk chair in leather and mahogany. This has a strong Arts & Crafts influence from the period, it dates from around 1880-1900. The quality is amazing, this is a great size and is very comfortable. The seating area is very generous, the curved back is supported by beautifully carved solid mahogany side panels. The front legs are tapered and have brass casters, the back legs have a more curved shape with no casters. The leather is a very deep green, almost black. It looks original & is full of character. It has brass studs around the border and just the right amount of wear, with no rips or tears. We have had this completely re-polished, the condition is fantastic for its age. Width - 29 inches , 74 cm Depth - 25 inches , 64 cm Height - 31 inches , 79 cm Seat height - 19 inches , 49 cm
