Description

A very smart and comfortable pair of antique leather wing back armchairs on mahogany legs. They were made in Sweden, and date from the 1920-1930's. The quality is superb, they are a very useful and compact size. The seating area is still generous, they are supportive and very sturdy. They are deep buttoned on the backs & seats. The leather is also hand tacked all over. The legs are joined by cross stretchers which helps make them extra sturdy. The condition is very good for their age, we have had the leather revived and hand coloured by our leather restorer. The mahogany bases have also been re-polished, there are just a few minor marks on the leather and there has been one tiny repair to the inside arm of one chair, seen in the images. Width - 28 inches , 71 cm Depth - 32 inches , 82 cm Height - 39 inches , 99 cm Seat height - 17 inches , 43 cm
