Description

An extremely beautiful Victorian armchair which I think is solid elm. This was made in England, it dates from around the 1860-1880 period. It is of amazing quality and has a stunning design. The frame is constructed of wonderfully turned sections and has incredible detail throughout. The seat is caned, which is a lovely additional feature. This has been recently re-polished, it is in lovely condition for its age. There are various old marks and dings here and there, this has a characterful patina and plenty of charm. Width – 22 inches , 56 cm Depth – 20 inches , 51 cm Height – 41 inches , 103 cm Seat height – 16 inches , 41 cm
