Description

An outstanding antique mahogany writing table of the highest order. This was made in England, it dates from the William IV period of around 1830-1840. It is of superb quality, this is one of the finest examples you could find. It is a great size and sits on beautifully turned legs with the typical William IV tulip carvings on oversized brass spoked casters. The three drawers have turned handles and are beautifully constructed with fine hand cut dovetailed joints. The back of the desk is also nicely polished, so this can be used as a free standing item. The inset green leather top is hand coloured and gold tooled, it compliments the mahogany tones wonderfully. We have just had this re-polished, the condition is excellent for its age. Width – 55 inches , 140 cm Depth – 33 inches , 84 cm Height – 31 inches , 79 cm Knee height – 24 inches , 61 cm
