Height = 61 cm (24.0")

Width = 30 cm (11.8")

Depth = 30 cm (11.8")

Description

Circa 1910-1930 a fine quality adjustable desk lamp in very good condition. This and the other identical one we have for sale, may have been made by the old GEC company (General Electrical Co) who were known for this particular design. It weighs 4.4kgs and still has the original weighted base stamped No 4. The lamp has been rewired using flex cable and fitted with an online switch. It measures 61cm in height, the base is 16cm in diameter and the length of the arm as shown in the first photograph is 27cm. We attach some of the many original glass shades we have, please ask to check what is still available. Postage and packing for the UK mainland only is included in the price and for outside areas or abroad please contact us for a delivery quote.

Internal Ref: 1746
