with peacocks, foliage and floral
decoration

Price

Sold

Item Reference: SA918665

Date of manufacture: 1900

Dimensions

Height = 19 cm (7.5")

Width = 9 cm (3.5")

Description

This attractive and fine pair of Satsuma vases date to the late Meiji or early Taisho period (1890 - 1920) and are delicately decorated with peacocks and foliage - in Buddhism peacocks are an emblem of the deity Kujaku Myoo. As you can see from the images the underside of each vase bear a cartouche incorporating the word 'Zan'. They are in lovely condition and have an appealing understated quality to them.
