Description

Gents 9ct gold Art Deco wrist watch, 1930. The watch has 15 jewel (2 adjustments) hand-winding movement which is working nicely. The watch measures 28mm wide excluding the winding crown and 30mm high excluding the lugs. The case is two tone gold with a mix of white gold and yellow gold. There are hallmarks inside the hinged back for Glasgow 1930. The case in good condition with just the odd minor mark, nothing serious at all. The lens is in good condition. The dial is in its original finish. There is a small amount of marking and perhaps a shade or two of darkening but it is still very easy to read the time. The dial is a little off square but it is more obvious in the photos than in real life. A new leather strap has been fitted. The watch comes in a new presentation box.
