Depth = 8 cm (3.1")

Description

Hi I have for sale 1890s heavy striking carriage clock made in France around 1890. The Case The case still retains the original gilded finish and simply stunning to look at with a gilded fret front dial plate and matching side frets and stands 6.5" high x 3.5" wide with a depth of 3" it is in good original condition with mint 5mm thick beveled sides/front/back door and top viewing glass. The case is very shiny so hard to photograph they do not do the clock justice at all. All the case parts have matching numbers. The Dial The dial is in good original condition white with Roman numerals and also contains its original black spade hands. The dial is signed on the front at the bottom 911 Oxford Street West. The Movement The movement is an eight-day time and strikes which strikes the hours and halves via small sweet gong to the rear which works 100% correctly, the movement has been fully ultrasonic cleaned all screws and gong have been re-blued and new springs added then oiled so keeping good time over the eight days via the original fully restored silvered platform escapement. If you require any further information, please ask. I am happy to send more photographs or can vi...
