Description

A super quality mid century modernist bowl or dish. It is hallmarked STERLING SILVER and tests as such. I would date it to c1960, I do not know where it was made. It has a very stylish retro design being leaf form with unusual cast conical legs. It is in superb condition being free from dings splits holes and repairs. It measures approx. 7.25 inches (18.4cms) long by 4.25 inches (10.5cms) wide and weighs 132 grams. A very good quality well made piece.
