Description

A beautiful and unusual antique Victorian burr walnut side table. This was made in England, it dates from around the 1860-1880 period. It is of stunning quality, with amazing burr walnut grain patterns. Around the edge of the top surface there is a ring of inlaid satin wood horseback hunters, all with a unique individual design. It sits on a fine quality solid walnut base with crisp and intricate carving. We have had this re-polished to a very high standard, the condition is excellent for its age.
