Description

Super quality and well proportioned pair of brass ionic column lamps on fabulous black marble bases, fully re wired to hold standard UK bayonet bulbs. The brass plated columns are tapered and have scrolled tops to them which have a lovely mellow finish to them. I have not over cleaned them, so they retain their aged look, but lightly cleaned and waxed which gives them a lovely smooth finish. I have shown them with a pair of French drum style shades as examples to give a sense of proportion, but please note they are not included...but the price does include delivery within mainland UK. Measuring: 32 1/2 inches or 82.5 cm to the top of the example 40cm diameter shades 22 inches or 56 cm to the bulb holder 5 1/2 inches or 14 cm square bases
