CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places including age-related marks, scratches and stains to the surface top, pot board, drawer fronts and shelves (pictured). There is also age-related shrinkage and splits to the boarded rack back (pictured). There is evidence of historic woodworm, however this is now long gone and has been fully treated as a precaution. The antique oak dresser remains structurally solid and sound, with the drawers running well. We recommend fixing the two parts together and securing to the wall for extra safety. Overall, a neat example of its kind. Ou...
