Description

Original Antique "F.WHITFIELD & Co" Fully Restored Luxury safe. A rare Whitfields safe in a stunning fully restored working condition. We bring to you this very rare excellent condition "Whitfield" Patent steel safe made in Birmingham by the maker Frederick Whitfield of Viaduct works, Oxford Street, Birmingham in around C1890. This fantastic quality and very secure safe is truly a museum piece and has had no expense spared in its 'nut & bolt' full restoration completely carried out in house by Lincoln Restorations. This lovely safe features original specification paintwork featuring 2 tone colours to match original colours and design. The safe is finished in predominantly Burgundy with a black door frame. The paintwork is single stage paint (not lacquered) exactly as it would have been originally. The safe is complemented by the ornate traditionally hand-painted red coloured coach lines which elegantly frames the door and hinges exactly as it would have been. This safe has been fully restored from bare metal, having been stripped and finished to ensure the highest quality refurbishment possible. The lovely original brasswork has then been highly polished. This safe fe...
