Description

A Rare Mid 19th Century French Oak Wall Hanging Cupboard, Of Unusual Design And Real Charm, With Arched Panelled Door Alongside Three Panelled Drawers. This charming mid 19th century French provincial wall hanging cupboard really is quite attractive indeed. Retaining an exceptional untouched colour it has aged most gracefully and despite a few scuffs, scrapes, dents and chunks missing here and there it would still look beautiful in just about any spot around the home. It's also worth bearing in mind just how functional this item would be when used around the home, as the quality of timber used and the construction methods mean that it is really rather solid. There is also a reasonable amount of storage available. Circa 1850. Height 21in. Width 26in. Depth 12.5in.
