Item Reference: SA922319

Date of manufacture: 1800

Dimensions

Height = 162 cm (63.8")

Width = 110 cm (43.3")

Description

Around 200 years after this rug was woven by villagers in Turkey, the powerful art still shines through with its rich natural dyes, handspun wool and plain red field with myriad shades within it. A testament to weavers skill and the art form that I have believed in for over 30 years. Great display piece.
