Description

Lovely big flowers, the best kind of allover design, fill the field of this 120 year old Heriz rug. The terracotta red field is the perfect decorative colour- so easy to live with, and scattered throughout the large blossoms are accents of yellow, green and two shades of light blue. A beautiful carpet in worn condition, some places quite heavily but, it is priced accordingly and will still serve many useful years on your floor. I will supply a high quality underlay, included in the price, which will also help to prolong its life, and keep it still. 9'8" x 11'8" Price includes VAT at 20%
