Impressive Late Victorian Pine Corner Display Cabinet

Price

Sold

Item Reference: SA923190

Date of manufacture: Victorian

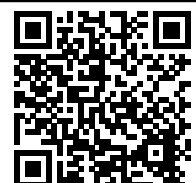

Description

A most attractive and impressive 19th Century tall pine corner cabinet with serpentine shaped display shelves, a pull out dusting slide and double enclosed and shelved cupboard below. In excellent original condition with a beautifully carved scallop shell dome flanked by applied carved ribbons with trailing drop bell husks. . This is a tall and very substantial corner cupboard which is quite difficult to transport because of its size and structure and so we recommend this piece to UK buyers only and that a two person delivery is engaged – which we will happily arrange if required. . Practical, beautiful and rarely found in such excellent condition with only minor dings and marks consistent with age and use and with a lovely warm and rich colour to the pine. . . Dimensions are: . 44 inches wide max, 17.5 inches deep max and 99.5 inches high. . For metric please multiply by 2.5 . A drawing showing multiple additional dimensions is available on request to ensure a good fit.
