Description

A beautiful Indian solid silver scent / perfume bottle or small hip flask. It is unmarked but tests as high grade silver. I would date it to c1880. It has been beautifully made and has been embossed with Deities. It is in super condition being free from dings splits and repairs, interesting the top unscrews clockwise instead of the more usual anticlockwise. It measures approx. 3.75 inches (9.2cms) tall by 1.75 inches (4.6cms) wide and weighs 76 grams. A beautifully made rare piece.
