Description

This is a very high quality 19th century French carved settee upholstered in vintage patterned velvet. The upholstery has been done at some point in this item's life but is such an impressive fabric and in great condition I chose to leave it on. We can however upholster it if you prefer. The piece is in great overall condition with exceptional quality carved frame finished with hoof feet. The carving is all the way around the piece. The seat depth and back height are paired very well making it extremely comfy. There is minor evidence of historic wood worm but all treated and hasn't caused any structural issue. Height 110cm Width 200cm Depth 82cm Depth of seat 65cm Height of seat 44cm
