Item Reference: SA923641

Date of manufacture: 1900

Description

A very good quality outstanding musical grandfather clock in a mahogany case. Made in 1901. This clock plays 2 tunes, Westminster and Whittington chimes. 2 small dials control which tune you want to play and a chime and silent dial. Playing on 8 long tube gongs for the tunes and 1 long gong for the hour. The face has engraved center with a silvered dial and Arabic numbers, topped with an arch enclosing a rolling moon. The works have been cleaned and are all in perfect working order, keeping very good time, chiming on the quarter hour and striking on the hour. The 3 brass weights drive the time and the tunes, a steel and brass pendulum all original to the clock. The case is of great quality mahogany with a glazed long door showing the weights etc. The hood and case have blind fret work, hood has a swan neck pediment with a single brass finial. The whole clock is in wonderful condition and very pleasing to behold. Standing 8 feet 1 inch tall. Anything you want to know please feel free to email or ring me on 07966102404.
