## Description

Antique silver pocket watch, 1919. The watch has a Swiss stem-winding movement which is working nicely. This is a good quality movement with 15-jewels, two adjustments. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case backs for Birmingham 1919, with a maker's mark for Aaron Dennison of the Dennison Watch Case Company, a Birmingham based case manufacturer and supplier to various watch makers. The case is in good condition with just general light surface marking. The acrylic lens has light marking but again, is very acceptable. The dial is signed with the name of the original retailer, Hinds Ltd of London. The dial look good to the naked eye, there are some short very faint hairlines by number 7 if viewed very closely or through a magnifying loupe. The watch comes in a new presentation box.
