Description

A square antique Ushak carpet from Western Anatolia with glorious soft reds and green dyes. Rare to find small Ushak rugs this size in good order. One of the largest rug production areas since the Ottoman Empire, Ushak designs tend to be more open than Persian rugs and softer dyes are not uncommon. Ushak rugs and carpets were woven in the Anatolian highlands south of Istanbul where they used extremely soft wool and using the larger turkish knot made them weave more open designs than Persian carpets. They are increasingly desirable today due to their open designs and wonderful colours, thus making them easy to place in many different rooms. •Our professional home visit service allows you to view this antique Ushak carpet in your own home. A free, no obligation service we have offered since 1990. Having travelled as far as Scotland and Ireland over the last 30 years. We love to travel and would be very happy to show you this carpet in situ and many more carpets to see which best suits your home. •Visit our barn showroom by appointment Monday to Saturday - 9.30 to 5.30pm.
