Description

A superb rare English antique silver plate creamer jug. It is unmarked but I would date it to the early to mid twentieth century. It has been superbly made being in the form of a cow. It is in superb condition being free from dings splits and repairs - re-plated at some point. It measures approx. 4.25 inches (10.8cms) tall by 1.5 inches (3.7cms) wide by 6.25 inches (16cms) long and weighs 280 grams. A beautiful high quality piece.
