Description

Fabulous Victorian What-Not Shelving - c1880 This three tier display shelving is crafted from mahogany. The shelf areas are retained by turned columns atop which sits and attractive finial. The whole resides over original turned legs and brass castors. A useful piece of furniture that is in good order throughout. For the sake of accuracy we mention that the lower shelf has an old crack which is apparent under close inspection. This has been waxed in a long time ago and it certainly does not detract from the item. Please do not hesitate to contact us if you require further information or wish to discuss an offer - either by email or on the telephone number below - we are here to help. Please see the images for the dimensions of this item. We have a 100% satisfaction guarantee. We ship Worldwide.
