Description

A good example of a solid Sterling Silver pepper shaker. It is a stylish and good quality piece of cylindrical form standing on three feet with a pierced top. It weighs approximately 22g. It is clearly hallmarked for Chester, 1903 and the maker James Deakin & Sons. It is in good condition for its age. There are some faint surface marks and minor dinks around the inside rim but nothing detrimental and overall it displays well. It has been gently cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK delivery £6, rest of the world £25.
