

SA924687

Antique French kingsize gilt bed

Price

Sold**Item Reference: SA924687****Date of manufacture: 19th Century**

Description

Very good quality and decorative French 19th century Louis XVI style 5' kingsize bed in its original gilt finish which has aged beautifully. Very well carved frame and the bed does have its original matching side rails too, also unusually for most French beds, this bed will fit around a standard UK kingsize divan base (150cm x 200cm) and the price shown includes the divan you see in the photos. The upholstery is in good condition and has been done recently, but can be re upholstered in your own choice of fabric, please get in touch for meterage and pricing. The mattress I have shown on the bed for the photos is not included as it is not new and is used for my photography, but if you would like it let me know as it can be heavily reduced in price (it is a zip link handmade pocket sprung mattress). Any queries, don't hesitate to get in touch. Measuring: Headboard 50 1/2 inches or 128.5cm high Footboard is 39 inches or 99cm high 63 inches or 160cm maximum frame width 82 1/2 inches or 209.5cm maximum frame length
