## Description

1930s Vertex Revue half hunter pocket watch. The watch has a 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has a couple of small indentations. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 14ct gold plated and it is in good condition, just one small indentation to the back of the watch. The front cover has a small central lens surrounded by enamel filled Roman numerals. The winding crown pushes in to open the front cover. Inside, the acrylic lens is in good condition. The signed dial is in lovely condition with original blued steel hands, including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a new presentation box.
